

Viviscal PRO Hair Growth Supplements Clinical Trials

Viviscal was originally developed in the late 1980s in Scandinavia, and the first clinical trial proving its efficacy was published in 1992 in *The Journal of International Medical Research*. Since then, we have conducted numerous trials internationally to prove the efficacy of Viviscal supplements.

Viviscal PRO Ingredients

Viviscal PRO has been developed with the finest ingredients of natural origins to nourish hair and promote existing hair growth.*

Viviscal PRO ingredients:

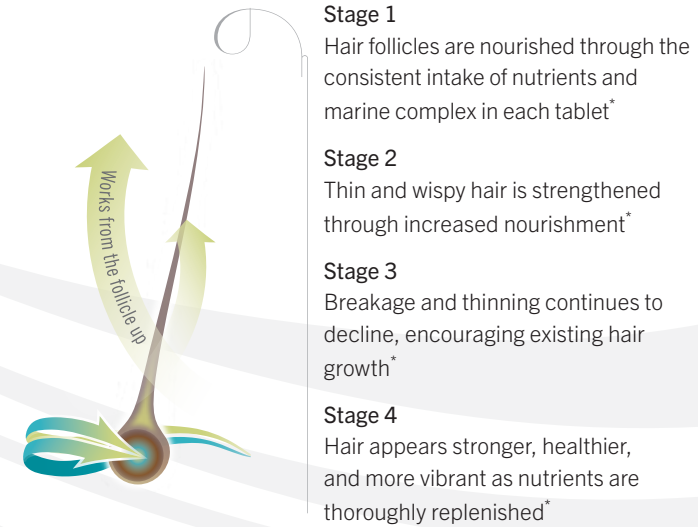

1. Exclusive AminoMar™ provides essential nutrients needed to nourish thinning hair and promote existing hair growth* from within
2. Apple Extract Powder (Procyanidin B-2) has been shown to increase hair density and diameter, promoting hair growth*
3. Biotin helps the body metabolize carbohydrates, fats, and amino acids, which are the building blocks of protein, and thus essential in the formation of the hair structure
4. Vitamin C has been shown to protect your hair from free radicals
5. L-Cystine and L-Methionine are essential amino acids in the formation of hair and skin, offering a positive effect on hair growth*

In a recent clinical study, users reported significant improvements in the Quality of Life Questionnaire questions:†

- Overall hair growth ✓
- Overall hair volume ✓
- Scalp coverage ✓
- Thickness of hair body ✓
- Hair strength ✓
- Overall skin health ✓

How Does Viviscal PRO Work?

Viviscal PRO supplements nourish hair from within in four stages. Users may see results in as little as three months, depending on each individual's hair growth cycle.*

What Is Viviscal PRO?

Viviscal PRO dietary supplements are scientifically formulated with the exclusive and clinically proven marine complex AminoMar™, which helps nourish thinning hair and promote existing hair growth from within. Viviscal PRO helps nourish hair that is prone to breakage and shedding due to heat styling, coloring, extensions and over styling.*

Benefits of Viviscal PRO

- 100% drug free
- Clinically proven to nourish thinning hair and promote existing hair growth from within
- Suitable for both men and women

Viviscal PRO dietary supplements recommended usage

For best results, take Viviscal PRO tablets twice a day for a minimum of six months. Users may see results in as little as three months. Take one tablet in the morning, and one tablet in the evening, with water after food. Thereafter, take 1-2 tablets daily as required. Viviscal PRO tablets are easy to swallow.

In a clinical trial, 80% of Viviscal users saw a statistically significant increase in the number of hairs after six months.†

More About Viviscal PRO

As part of a multi treatment approach to thinning hair, Viviscal PRO can be used in conjunction with all Hair Restoration techniques and methods.

Viviscal PRO is an all-natural, drug free dietary supplement. In clinical trials, users reported no major negative side effects. However, due to fish proteins some users reported some bloating and slightly oilier scalp in the early weeks of the program. Not Recommended for people with fish and shellfish allergies, Women who are pregnant or nursing, and anyone under the age of 18.

Viviscal PRO reduces breakage while nourishing damaged hair. Users also report significantly less hair shedding during brushing, styling and washing hair. Viviscal PRO also improves nail strength and hydrates the skin.
